Company Number: 665266

Charity Registration Number: 20205579

Community Cancer Caregivers is a new charity offering a unique service to families who have had a cancer diagnosis. We are dependent 100% on donations both from individuals and companies to fund our services and comply with all necessary training requirements of our volunteers.

Let us assure you, our donors and future donors, that 100% of your donations are and will be used exclusively for the provision of our services.

Under the rules set by the regulator we were only permitted to begin fundraising from the first of May, since then we are pleased to say that we have raised €8704.6 from 179 incredible donors to date. This has already been allocated to meet our €10,000 start-up costs.
